**Matters arising/Action points**

- None tabled.

**3. Presentations to the committee:**

- **PPL amendment: A33-24:** The committee heard a presentation on the proposed amendments.
  - [REDACTED]
  - Concern was why [REDACTED], clarification requested from [REDACTED]
  - Ewes would not outgrow [REDACTED] compared to using [REDACTED]
  - If recovery study was to be considered [REDACTED] would need to be used

**4. New PPL applications under consideration by the AWERB**

- **PL05-24: (resubmission) comments and considerations:** approved subject to final sub-committee approval
  - Clarity was needed on when animals start and ends on the project licence and who has what responsibility
  - Noted that after discharge there will still be ongoing input from veterinary team but pilot study would end at that point
  - Information that would be given to the client now provided for PPL
  - Noted that consent form needs to be for specific study
  - Happy to send to subcommittee for approval

## **Amendment applications under consideration by the AWERB:**

- **A33-24 comments and considerations: approved subject to final sub-committee approval.**
  - Justifications for using [REDACTED] as a model now clarified.
  - Happy to send to subcommittee for approval

## **5. Updates and Reports**

- **BVS Director update:**

- Leaders in Openness: virtual tour to the facility filming already taken; we are now in the process of having content reviewed and uploaded on the website
- The first draft of the new guidelines on how to report animal studies on different media, e.g., scientific peer review, PhD thesis, has been circulated for comments to relevant BVS staff.
- BVS putting together two short courses on rodent breeding colony management and rodent genetics for PhD students, post-docs and early career PIs.
- Working on a communication policy within BVS to better communicate with scientists with help from CT.

- **NVS update:**

- Nothing major to report from Poultry, [REDACTED] arriving shortly for housing within the poultry facility. Procedural work will be conducted within [REDACTED]
- [REDACTED] currently dealing with a few issues with calf studies
